9.0 SCOPE OF WORK

The work includes carrying out Construction of damaged retaining wall on the western boundary of Plot No. 30 at Rubber Park, Irapuram in Kunnathunad Taluk, near Perumbavoor, in Ernakulam Kerala, including all materials, labours, tools, insurances, etc complete as per specifications and the direction of the Engineer in charge of the company.

10.0 EXTRA ITEMS

Items of work not expressly or impliedly described in the schedule, plans or Specifications will be treated as "extras". They will include only items of work which though highly necessary for the proper execution of the work as for its completion were not provided for in the original contract.

The execution of an extra item of work and payment therefore will be based on the following conditions:-

There shall be an order in writing to execute the extra item of work duly signed by the Client /Engineer in Charge before its commencement.

If the contractor finds, after examining the specifications and plans that extras are involved, he should give notice to the Client/ Engineer in Charge to this effect and shall proceed with the execution of the extra item, only after receiving instruction in writing from the Client/ Engineer in Charge.

Extra items may be classified as additional substituted altered items, depending on their relation or otherwise to the original item or items of work.

The rates for extra items shall be worked out as below:-

In the case of all extra item whether additional, altered or substituted, if accepted rates for identical items provided for in the contract, such rates shall be applicable.

In the case of extra items whether altered or substituted, for which similar items exists in the contract, the rates shall be derived from the original item by appropriate adjustment of cost of affected components. The percentage excess or deduction of the contract rate for the original item with reference to the CPWD estimate rate shall be applied in deriving the rates for such items.

In the case of extra items, whether altered or substituted and for which similar items do not exist in the contract and rates exist in the schedule of rates, the rate shall be arrived at on the basis of the CPWD data rate current at the time of ordering the extra item after applying the tender variation.

In the case of additional items, the rates shall be arrived at on the basis of the CPWD data rates altered by applying tender variation.

In the case of extra items, whether additional altered or substituted, for which the rates cannot be derived from similar items in the contract, and only partly from the departmental schedule of rates, the rates for such part or parts of items as are not covered in the schedule of rates shall be determined by the Engineer or on the basis of the prevailing market rates giving due consideration to the analysis of the rate furnished by the contractor with supporting documents, including contractor's profit. This shall be added on to the CPWD rate (including contractor's profit) current at the time of ordering of executing the extra item, whichever is earlier for the other part of the item, for which rate can be derived from the schedule of rates.

In the case of extra item whether additional altered or substituted, for which the rates cannot be derived either from similar item of work in the contract or from the CPWD schedule of rates the contractor shall within 14 days of the receipt of the order into carry out the said extra item of work, communicate to the Engineer the rate which he proposes to claim for the item, support by analysis of the rate claimed and the Engineer shall within one month thereafter, determine the rate on the basis of the market rate giving due consideration to the rate claimed by the contractor.

In the case of percentage rate contract, the rate for extra item shall be arrived at by applying the percentage excess or deduction to the CPWD data rate as per the original schedule on which the tenders were invited.

Wherever the term "CPWD data rate" appears, it shall mean the rate derived from the CPWD schedule of rates and shall include conveyance charges and contractors profit.

11.0 ASSIGNMENT AND SUB-LETTING OF CONTRACT

- 11.1 The Contractor may, after approval of the client / the Engineer in Charge, assign or sub-let the works.
